16/11/2023	Addition of F820V+ model.
19/01/2024	Addition of model S-3V with white and blue exhalation valve covers. Addition of test report 1.12.10.24 revision 1.

Conditions attached to the issue of this certificate:

1. This certificate governs the use of the 'IC' mark for products.
2. The manufacturer shall undertake to fulfil the obligations arising out of the INSPEC's Regulations governing IC Mark Product Certification.
3. The manufacturer shall inform INSPEC without delay of any planned changes to the product, technical file, quality manual or manufacturer information which may affect the validity of this certificate, before any such change is made.
4. The IC mark shall only be applied to those products listed on this certificate and in all cases in accordance with INSPEC's regulations governing the use of the mark.
5. This certificate remains the property of INSPEC and may be withdrawn if any of the conditions attached to its issue are not complied with.
6. This certificate may be copied or reproduced by the certificate holder, complete and without omissions or additions, and in accordance with INSPEC's terms of business.
7. The manufacturer shall not use its product certification in any manner as to bring INSPEC into disrepute, nor make any statements regarding the product certification that INSPEC considers misleading or unauthorised.
8. Upon suspension, withdrawal or termination of this certificate, the manufacturer must discontinue all advertising matter that references the product certification and take action to cease production of products.
